Am At first I was afraid. *Dsus2* I was petrified.

I kept thinking I *G* could never live without you by *C* my side.

But then I spent *Fmaj7* so many nights just thinking how *Dm* you'd done me wrong.

E I grew strong. I learned how to get along.

And so you're back from outer space.

I just walked in to find you here without that look upon your face.

I should have changed my fucking lock. I would have made you leave your key

If I'd have known for just one second you'd be back to bother me.

Oh now go. Walk out the door.

Just turn around now. You're not welcome anymore.

Weren't you the one who tried to break me with desire?

Did you think I'd crumble? Did you think I'd lay down and die?

Oh not I.

I will survive.

As long as I know how to love I know I'll be alive.

I've got all my life to live. I've got all my love to give.

I will survive. I will survive.

It took all the strength I had just not to fall apart.

I'm trying hard to mend the pieces of my broken heart.

And I spent oh so many nights just feeling sorry for myself.

I used to cry. But now I hold my head up high.

And you'll see me with somebody new.

I'm not that stupid little person still in love with you.

And so you thought you'd just drop by, and you expect me to be free.

But now I'm saving all my lovin' for someone who's lovin' me.

Oh now go. Walk out the door.

Just turn around now. You're not welcome anymore.

Weren't you the one who tried to break me with desire?

Did you think I'd crumble? Did you think I'd lay down and die?

Oh not I.

I will survive.

As long as I know how to love I know I'll be alive.

I've got all my life to live. I've got all my love to give.

I will survive. I will survive.

I was down at the New Amsterdam
staring at this yellow-haired girl
Mr. Jones strikes up a conversation
with this black-haired flamenco dancer
She dances while his father plays guitar
She's suddenly beautiful
We all want something beautiful
I wish I was beautiful
So come dance this silence down through the morning
Cut up, Maria! Show me some of them Spanish dances
Pass me a bottle, Mr. Jones
Believe in me. Help me believe in anything
I want to be someone who believes

Mr. Jones and me tell each other fairy tales
Stare at the beautiful women
"She's looking at you. Ah, no, no, she's looking at me."
Smiling in the bright lights
Coming through in stereo
When everybody loves you, you can never be lonely

I will paint my picture
Paint myself in blue and red and black and gray
All of the beautiful colors are very very meaningful
Gray is my favorite color
I felt so symbolic yesterday
If I knew Picasso
I would buy myself a gray guitar and play

Mr. Jones and me look into the future
Stare at the beautiful women
“She’s looking at you.
I don’t think so. She’s looking at me.”
Standing in the spotlight
I bought myself a gray guitar
When everybody loves me, I will never be lonely

I want to be a lion
Everybody wants to pass as cats
We all want to be big big stars, but we got different
reasons for that
Believe in me because I don’t believe in anything
and I want to be someone to believe

Mr. Jones and me stumbling through the barrio
Yeah we stare at the beautiful women
“She’s perfect for you, Man, there’s got to be somebody for me.”
I want to be Bob Dylan
Mr. Jones wishes he was someone just a little more funky
When everybody loves you, son, that’s just about as
funky as you can be

Mr. Jones and me staring at the video
when I look at the television, I want to see me staring
right back at me
We all want to be big stars, but we don’t know why
and we don’t know how
But when everybody loves me, I’m going to be just
about as happy as I can be
Mr. Jones and me, we’re gonna be big stars...

Dm

We get some rules to follow

That and this, these and those^A*C#**Dm*

No one knows

We get these pills to swallow

How they stick in your throat

Taste like gold

Oh what you do to me

No one knows

I realize you're mine

Indeed a fool am I

I realize you're mine

Indeed a fool am I

I journey through the desert

Of the mind with no hope

I follow

I drift along the ocean

Dead lifeboat in the sun

And come undone

Pleasantly caving in

I come undone

I realize you're mine

Indeed a fool am I

I realize you're mine

Indeed a fool am I

Heaven smiles above me

What a gift here below

But no one knows

The gift that you give to me

No one knows

Can't stop, addicted to the shindig
Chop top, he says I'm gonna win big
Choose not a life of imitation
Distant cousin to the reservation
Defunct, the pistol that you pay for
This punk, the feeling that you stay for
In time, I want to be your best friend
Eastside love is living on the West End
Knock out, but boy you better come to
Don't die, you know the truth is some do
Go write your message on the pavement
Burn so bright, I wonder what the wave meant
White heat is screaming in the jungle
Complete the motion if you stumble
Go ask the dust for any answers
Come back strong with 50 belly dancers

| The world I love The tears I drop To be part of The wave can't stop
| Ever wonder if it's all for you
| The world I love The trains I hop To be part of The wave can't stop
| Come and tell me when it's time to

Sweetheart is bleeding in the snow cone
So smart, she's leading me to ozone
Music, the great communicator
Use two sticks to make it in the nature
I'll get you into penetration
The gender of a generation
The birth of every other nation
Worth your weight the gold of meditation
This chapter's gonna be a close one
Smoke rings, I know you're gonna blow one
All on a spaceship persevering
Use my hands for everything but steering
Can't stop, the spirits when they need you
Mop tops are happy when they feed you
J. Butterfly is in the treetop
Birds that blow the meaning into bebop

The world I love The tears I drop To be part of The wave can't stop
Ever wonder if it's all for you
The world I love The trains I hop To be part of The wave can't stop
Come and tell me when it's time to
Wait a minute I'm passing out Win or lose, just like you
Far more shocking Than anything I ever knew How 'bout you
10 more reasons Why I need somebody new, just like you
Far more shocking Than anything I ever knew Right on cue

Can't stop, addicted to the shindig
Chop top, he says I'm gonna win big
Choose not a life of imitation
Distant cousin to the reservation
Defunct, the pistol that you pay for
This punk, the feeling that you stay for
In time, I want to be your best friend
Eastside love is living on the West End
Knock out, but boy you better come to
Don't die, you know the truth is some do
Go write your message on the pavement
Burn so bright, I wonder what the wave meant

Kick start the golden generator
Sweet talk, but don't intimidate her
Can't stop the gods from engineering
Feel no need for any interfering
Your image in the dictionary
This life is more than ordinary
Can I get 2 maybe even 3 of these
Comin' from space
To teach you of the Pleiades

Can't stop the spirits when they need you
This life is more than just a read-through

Am *G*
Gettin' born in the state of Mississippi
Dm *Am*
Papa was a copper and her mama was a hippie
In Alabama she was swinging hammer
Price you gotta pay when you pick the panorama
She never knew that there was anything more than poor
What in the world does your company take me for?

Black bandana, sweet Louisiana
Robbin' on a bank in the state of Indiana
She's a runner, rebel and a stunner
Hunt em everywhere saying baby whatcha gonna
Lookin' down the barrel of a hot metal .45
Just another way to survive

F *Dm*
California rest in peace
Simultaneous release
California show your teeth
She's my priestess, I'm your priest
Yeah, yeah

She's a lover, baby and a fighter
Should've seen her coming when it got a little brighter
With a name like Dani California
Day was gonna come when I was gonna mourn ya

A little loaded she was stealing another breath

I love my baby to death

California rest in peace

Simultaneous release

California show your teeth

She's my priestess, I'm your priest

Yeah, yeah

Bm *G* *D*
Who knew the other side of you? Who knew what others died to prove?

Too true to say goodbye to you. Too true, too say say say...

Push the fader, gifted animator

One for the now and eleven for the later

Never made it up to Minnesota

North Dakota man was a gunnin' for the quota

Down in the badlands she was saving the best for last

It only hurts when I laugh

Gone too fast

California rest in peace

Simultaneous release

California show your teeth

She's my priestess, I'm your priest

Yeah, yeah

Bm

Sometimes I feel

Like I don't have a partner

Sometimes I feel

Like my only friend

Is the city I live in

The city of angels

Lonely as I am

Together we cry

I drive on her streets

Cause she's my companion

I walk through her hills

Cause she knows who I am

She sees my good deeds

And she kisses me windy

I never worry

Now that is a lie

[2x]

I don't ever want to feel

Like I did that day

Take me to the place I love

Take me all the way

It's hard to believe
That there's nobody out there
It's hard to believe
That I'm all alone
At least I have her love
The city she loves me
Lonely as I am
Together we cry

[2x]

I don't ever want to feel
Like I did that day
Take me to the place I love
Take me all the way

Under the bridge downtown
Is where I drew some blood
Under the bridge downtown
I could not get enough
Under the bridge downtown
Forgot about my love
Under the bridge downtown
I gave my life away

D5

The piercing radiant moon,
The storming of poor June,
All the life running through her hair

Approaching guiding light,
Our shallow years in fright,
Dreams are made winding through my head

		<i>C</i>		<i>D5</i>
	Through my head, through my head			
	<i>C</i>	<i>B^b5</i>	<i>A5</i>	<i>D5</i>
	Before you know, Awake			

Your lives are open wide,
The V-chip gives them sight,
All the life running through her hair

The spiders all in tune,
The evening of the moon,
Dreams are made winding through my head

	Through my head, through my head
	Before you know, Awake
	Instrumental...

Through my head, through my head
Before you know,
Before you know I will be waiting all awake,

Dreams are made winding through her hair,
Dreams are made winding through her hair.
